me. *rall. . . . .* *rit.*

Oh, happy river flowing  
 Gently unto me  
 Softly bring me music,  
 Listen to you sing.  
 Swiftly running river flowing  
 We'll at last be free.  
 Oh, happy waterwheel  
 Roll gently over me.

Oh, in the evening  
 Feel alone at last  
 All of the things that the daytime brings  
 Roll gently in the past.  
 There is nothing left to see  
 Except the stars and moon  
 To let me know another lonely day  
 Is coming soon.
